Product Developer – yogurt

Our innovators move fast and draw strength from their natural curiosity as well as their specialist knowledge. You love to put your intellectual skills to the test every day and you feel like exploring the frontier of your field and inventing new standards. Be a force of nature. Join us at arla.com/career.

Develop and improve fresh dairy products

Based on market and consumer insights your main objective is to develop new and improve existing products within yogurt product portfolio.

You will join the Global Innovation department for Fresh Dairy Products in Aarhus and report to the Portfolio Director.

Your main task will be to develop recipes in cooperation with project management, marketing, dairies and other specialists. You are responsible for driving the development process from pilot plant scale to the final handover to production.

You must expect 25-30 travelling days a year as the team is based in Denmark, Sweden and Finland and you cooperate closely with local production sites in Scandinavia and Europe.

Specialist with product development experience

You hold a bachelor or master's degree within Food Science and Technology, Dairy Technology, Human Nutrition or similar. So far your career path has provided you with sound experience in product development within the food industry. As you will work towards the markets, you must possess a global mindset and a solid business sense.

On a personal level, you are outgoing and comfortable cooperating with colleagues from different backgrounds and cultures. Equally important, you possess great communication and interpersonal skills, and you thrive on using your curiosity as a professional tool to develop innovative and value added products. The position requires you to get by in English as well as one or more of the Scandinavian languages.

Application and contact

Mark your application "600410" and send it to job@arlafoods.com no later than 14. August. For additional information, please call Product Developer Carsten Hansen on +45 8746 6647 or Portfolio Director Arnd Wilmsen on +45 2091 3240. Please state in your application, where you have seen the advertisement.

At Arla Foods, we turn milk into innovative products and strive to bring consumers around the world closer to nature. We are united and empowered by respect for the natural source that keeps us in business, and we share a determination to continue our ambitious development and growth. It will be a journey of a lifetime and to succeed we work together – to Lead, Sense & Create.
